

About Dr. Dolores L. Fazzino DNP, RN

Dr. Dolores Fazzino, DNP is a Nurse Practitioner and distinguished pioneer bridging the world of spirituality and wellness. With over 40 years-experience in the healthcare industry, she has assisted with over 9000 surgical procedures.

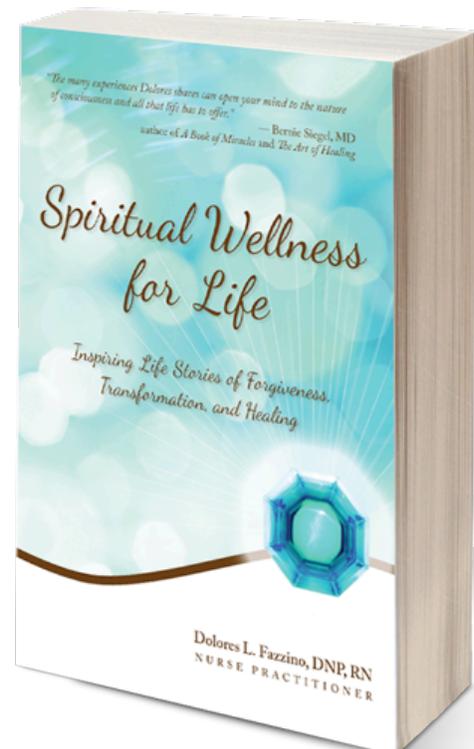

Gifted since she was a child with intuitive abilities, she is a master energy healer and visionary; she's always been on the cutting edge. She worked under the revolutionary Dr. Bernie Siegel, an international expert and surgeon in the field of cancer treatment and complementary, holistic medicine.

Dr. Fazzino believes healing is a multi-faceted process. Our current healthcare system is exceptional at addressing the physical needs of the individual. However, the mental, emotional, and spiritual needs are lacking in our current healthcare system.

She earned a Doctor of Nursing Practice (DNP) degree in 2008 from Case Western Reserve University, one of the top nursing programs in the nation. She is currently president of **Spiritual Wellness for Life** and president of **Recovering Healthcare**. Recognizing the many gaps in healthcare, Dr. Dolores takes us beyond the mind-body paradigm to include spirituality in wellness.

This distinguished wellness practitioner offers customized programs and strategies to prepare patients through combining traditional medicine, energy healing, and intuitive counseling to assist clients in moving through life challenges, and reconnecting with their inner self with grace and ease.

With her education and expertise, Dr. Fazzino has developed an innovative program to support

patients and their loved ones before, during, and after surgery. As founder of **Concierge Surgical Coaching®**, she is the industry leader in preparing patients to heal faster and more completely from surgery, chronic illness, and other health and wellness concerns.

Additionally, she has authored several books including *“54 Tips to Maneuver Through the Healthcare System”* and *“Spiritual Wellness for Life.”* Dr. Fazzino is a Speaker who presents her vast knowledge of topics related to healthcare and mind-body wellness internationally.
